

## **Directions for arrival at Family Siesta!**

### **From Malaga Airport – Family Siesta.**

Leaving the airport you will get to a big roundabout, drive straight through and you will see the signs towards Malaga and Cadiz. Follow towards Cadiz, you will have the San Miguel factory on your right side. Follow this road until you have passed IKEA on your left side, keep to the right lane and follow the signs towards Cadiz and Algeciras, you do NOT want to drive straight ahead towards Torremolinos, this is the coast road and has a lot of light crossings and roundabouts.

You are now on the N-340 or the A-7, you want to continue on this road until you see signs towards Fuengirola. You want to follow the A-7 (NOT AP-7), towards Fuengirola. When you continue on the N-340 / A-7 towards Fuengirola, you can start looking for landmarks like:

- El Corte Ingles on your right side.
- Lidl and Dunnes Store on you right side.
- Miramar Shopping Center on your right side.

After passing the Miramar Shopping Center, you drive over a bridge, over the Rio de Fuengirola. On your left side you will see a castle. Just after the bridge, you exit the N-340 / A-7, this exit comes very sudden so you need to be aware.

After exiting the main road, you will come directly to a roundabout. Continue straight ahead. You will pass the Fuengirola Beach Hotel and, again, Miramar Shopping Center on your right. Drive until you get to the next roundabout, drive straight here as well. You will see signs towards Hipodromo de Mijas and Cerrado de Aguila. Continue on this road until you reach another roundabout. Some landmarks on the way:

- A veterinary clinic on your right.
- A cleaning facility for sewage on your right and left.
- A cemetery on your left side.
- An Irish riding school on your left side.

At the next roundabout you continue straight ahead and you will have a peach colored fence on your left side. Stay on this road until you reach an urbanization called Cerro del Aguila (NOT Cerrado del Aguila or Jardines del Aguila), you will shortly after entering the urbanization reach another roundabout.

Continue straight in this roundabout as well, and just after the road will go in two directions. Keep to the right. Here you will go up a small hill and down a small hill. The road will continue into a left turn, and up another hill. You want to turn off in the middle of this hill, so be aware!

You want to turn off to the right, just after a steel mesh fence. This is the plot 124. There will be a white colum with the writing: «Terra de Sienna», and here you want to turn to the right, down a steep dirt track. At the bottom of this road you turn to the left, and continue onto a paved road until you reach the houses. If you cannot see any people, just honk your horn and we will be there as soon as possible.

I hope these directions are OK, and that you will find us. If not, give me a call at +34 619 809 611.

Mona :-)
